

# Vertical Acting Fire Door Systems

## Auto-Set® CFS Series

### Vertical Coiling Counter Shutters

The automatic resetting Auto-Set® Counter Fire and Smoke Rated Model CFS shutter can be designed to accommodate almost any opening variation up to 30 feet in width and 12 feet in height for both interior and exterior applications. Unlike conventional counter fire shutters the Auto-Set® Model CFS is easily tested and reset by on site building personnel. For a finished appearance when the housing is exposed McKEON offers a tubular concealed inboard motor option.
